

Flat Top Batteries
For Delco/Exide/NAPA Group 24
Vintage Appearance Package

Tar Topper

INSTRUCTIONS

Position Tar Topper over battery and press into place.
Install hold down. Do not over tighten.

Notice: when installing the Tar Topper on the most recent version of the Delco group 24 battery, it may be necessary to slightly trim the Tar Topper or battery case for a perfect fit. The Exide and Napa Batteries are not affected.
